RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
Washington, DC 20231

Sir:

Responsive to the Office Communication mailed February 27, 2003, Applicants elect with traverse the invention of Group I, claims 45-103 and 112-114 for prosecution.

In order for a restriction requirement to be appropriate, there must be a serious burden on the Examiner to search all of the inventions and the inventions must be independent or distinct as claimed. The Examiner has not provided evidence that a search of all the claims would be seriously burdensome and Applicants therefore traverse the Restriction Requirement..

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, Washington, DC 20231, on March 27, 2003.

William L. Warren- Reg. No. 36,714

Respectfully submitted,
